EDUCATION

SGT UNIVERSITY

GURGAON,HARYANA

Bachelor of technology/Computer Science

2022-2026

- Current GPA : 3.5
- Coursework : Data Structures and algorithm , Database Management Systems, Web Development, operation systems, Object-oriented Programming
- Organization : Member of Tusker which collaborated and organize various college fest and events.

WORK EXPERIENCE

Abhyaz(Remote - Internship)

Chennai

Front end developer

Jun2023-Aug2023

1 - Experience and Accomplishments

- Collaborated with a cross-functional team to design and develop interactive front-end web solutions.
- Developed reusable UI components, streamlining development and ensuring consistent design.
- Enhanced user interface and user experience, resulting in a 20% increase in website engagement.

2 - Achievements and Strengths/Proficiencies

- Successfully delivered multiple web projects within tight deadlines.
- Proficient in HTML, CSS, JavaScript, and front-end frameworks like React.
- Effective communication and collaboration skills within a diverse team environment.

3- Results, Skills/Knowledge Growth, and Alignment with Internship Goal

- My Abhyaz internship as a front-end developer was rewarding. I enhanced user engagement and UI/UX, honed technical, teamwork, and problem-solving skills. This aligns with my web development goals, offering practical insights and growth beyond academics.

Ten Marketing(Remote - Internship)

Delhi

Junior Front end developer

Sep2023-Dec2023

- Collaborated with senior developers to build and maintain responsive and user-friendly web applications.
- Utilized technologies such as HTML, CSS, JavaScript, React.js, and Next.js to contribute to the front-end development process.
- Assisted in implementing and testing new features, ensuring a seamless user experience.
- Gained hands-on experience with version control systems like Git and participated in regular code reviews.
- Worked closely with the design team to bring mockups and wireframes to life, refining my skills in turning design concepts into functional web interfaces.

SKILLS & INTERESTS

Skills:

Technical Skills:-

HTML, CSS, JavaScript ,Responsive Design ,Front-end Frameworks (React) Cross-Browser Compatibility ,Version Control (Git) ,UI/UX Design Principles ,Web Performance Optimization, CSS Preprocessors (SASS) ,Design Tools (figma) , Best Practices CSS Animations and Transitions,Mongodb,FireBase,Appwrite,Design Systems(Ant Design,MaterailUI,NextUI).
